

CONGRATULATION (?)  
**SEEKS TO NAME  
HOUSE SPEAKER.**

New York Press Starts Anti-Clark Programme

Committee Rule Urged to Cut Chair's Power.

Interest Don New Gloves to Benu Old Fight.

BY DIRECT WIRE TO THE TIMES.  
WASHINGTON, Nov. 10.—(Exclusive Dispatch.) Champ Clark today probably has every reason to congratulate himself because of the news from New York. The combination of business and politics which won the election for Dix in the Empire State; and which Col. Roosevelt called "a combination of crooked business and crooked politics," already is seeking to defeat the Missourian's election as Speaker of the House.

New York comes forward with a plea to the three committees that supported Dix; that a New York Democrat should be made Speaker of the House. It is not so much a direct plea as it is suggestion in divers subtle ways of the excellence of the idea that a New York Democrat should take the seat of House power. Inasmuch as the New York Democrats deserted their party in its time of need in the anti-Cannon fight last year, the suggestion is a trifling proposal.

Some of the southern and western Democrats—a good many of them, in fact—are known to be opposed to the election of Mr. Clark unless he shall agree to a plan to appoint the committee through a committee on nomination of the Speaker, as at present.

It is probable that the strong intimation from New York today that the interests which attempted to control the empire under Republican rule are to attempt to do the same under Democratic rule will cause the eastern and southern Democrats to forego their opposition to the Missourian.

It may be that Mr. Clark will sweep all strong opposition to his championship ambitions by saying that he will favor a committee on nomination of the Speaker.

**PLEASURES GERMAN TRADERS.**

Shippers See Early Reduction of Tariff as Result of Recent Democratic Success.

BY DIRECT WIRE TO THE TIMES.  
BERLIN, Nov. 10.—(Exclusive Dispatch.) Shippers have the results of an American campaign aroused more interest in Germany than they did at the last election. Today the press treats the election as the topic of the hour. The view of the result in New York State is that it is not only a personal revenge to Mr. Roosevelt, but that it is even more of a set-back to the effort to bring about the speedy reformation of the tariff rates which are hindering German export trade.

Berlin stockbrokers, on the other hand, who have always held that Mr. Roosevelt's antitrust policies were responsible for the unsettlement of Stock Exchange conditions, share Wall Street's views and would welcome anything promising his elimination.

**BOTH PARTIES CLAIM NEVADA.**

Congressional Delegation and Governor Republicans—Democrats Get Minor Offices.

(ASSOCIATED PRESS NIGHT REPORT.)

CARSON (Nev.), Nov. 10.—An account of slow returns has been impossible to quote plurality. From figures furnished late today, however, Nixon, Republican, has been victorious in the advisory vote for United States Senator by at least 1000; Robert, Republican, for Congress, is elected by 1200, while Odile, Republican, for Governor, is elected by at least 750.

**SUFFRAGE MAJORITY IS BIG.**

Votes for Women Amendment in Washington Carries by About Two to One—Cannon's Friend Strong.

(ASSOCIATED PRESS NIGHT REPORT.)

SEATTLE, Nov. 10.—The majority for the women suffrage amendment to the State Constitution, estimated on the basis of returns already received, will exceed 15,000. The vote was about 2 to 1 for the amendment.

The plurality of Congressman William E. Doherty, who first, the Senate district is probably 7000, showing that he was voted for by most of the insurgents of the district, although he was formerly a close friend of Speaker Cannon.

The Democrats gained a few seats in the Legislature but otherwise made a poor showing. The Socialist vote in the State is estimated at 4500.

**PARKER SPURNS DEPEW'S TOGA.**

HERRICK, HOWEVER, IS WILLING

(ASSOCIATED PRESS NIGHT REPORT.)

NEW YORK, Nov. 10.—Judge Alton B. Parker authorized the following statement tonight:

"I am not unappreciative of the fact that a great many good people favor my selection as a candidate for the United States Senate to succeed Senator Depew. I am, indeed, most gratified to them for thus supporting a most attractive candidate for our public service, but my obligations are such that I would not accept the office, even if it should be tendered to me."

D. Cady Herrick, mentioned as another probability, said today that he should not accept the Senatorship when it offered him.

Edward M. Shepard, also spoken of, was non-committal.

**POLITIC TO OUST POWERS.**

DEMOCRATS WOULD DENY SEAT.

(ASSOCIATED PRESS NIGHT REPORT.)

LOUISVILLE (Ky.), Nov. 10.—Reports were freely circulated today that there is a movement under way to have

the Kentucky delegation make a concerted effort to have Caleb Powers ousted from his seat as Representative of the Eleventh Kentucky District. Congress, it is reported, will be asked to deny Powers his seat on the ground that he has three been convicted of perjury. Gov. Wilson's pardon, it is contended, does not have the same effect as an acquittal on the charge of complicity in the Goebel assassination.

**WOMEN TO SIT IN ASSEMBLY.**

FOUR COLORADO FEMALES WIN.  
(ASSOCIATED PRESS DAY REPORT.)

DENVER, Nov. 10.—Four women will sit in the Eighteenth General Assembly of Colorado, as a result of Tuesday's election. They are Alma Lafferty, Louise U. Jones and Louise M. Kerwin, all elected to the Assembly from the Districts of the Democratic ticket, and Agnes L. Middle, Republican, from Adams, Arapahoe and Elbert counties. In the last General Assembly Mrs. Lafferty was the only woman representative. There are no women Senators.

**BREATHING EASY.**

**BUSINESS QUICK  
TO RESPOND.**

**RESULT OF ELECTION WILL IMPROVE CONDITIONS.**

"Slow Deal to Certain Influence"  
Gives Financial Centers Confidence, Says Big Iron and Steel Official—Tariff Is Safe, Declares Another.

(ASSOCIATED PRESS NIGHT REPORT.)

CLEVELAND, Nov. 10.—The Daily Iron Trade Review today has reports from all parts of the country giving views of iron and steel manufacturers concerning the effects of the election on business. Among those quoted are the following:

C. S. Price, president of the Cambria Steel Company, Johnstown, Pa.: "With the political situation having gone the way the financial and popular demand desired, and with any radical tariff or other legislation practically blocked by a Republican Senate and President, business should be assured of reasonably stable conditions and promptly respond favorably."

A. F. Huston, president of the Lukens Iron and Steel Company, Coatesville, Pa.: "As the election is passed, and we know definitely what to count on, I think business will now improve. Financial centers, too, will breath easier since the blow dealt to a certain influence."

The Iron Trade Review says: "The action of Pittsburgh in voting for the expenditure of \$10,000,000 for public improvements in the city of Cleveland and a bridge across the Allegheny River, will call for considerable tonnage of structural material, as will also the new system of elevated roads across the Cuyahoga in Cleveland, and the labor subways system in the city of Cleveland, both of which were indorsed by the Cleveland voters."

**CORPSES AID "PROHIBITS."**

Anti-Saloon Loses Dry Fight Despite Exposure of Drink Victims in Window.

(ASSOCIATED PRESS DAY REPORT.)

SEATTLE, Nov. 10.—Corpses of two men who died from alcoholism were placed on exhibition in the windows of the undertaking establishment of the Deputy Coroner at Auburn, twenty miles south of Seattle, in an effort to win votes for the "dry's" in the local option election held there Tuesday, but without effect, for the town voted "wet."

Both factions were making a hard fight and the Prohibitionists appeared to be in the lead until late in the afternoon. Then the tide began to turn.

In a frantic effort the Anti-saloon leaders appealed to Deputy Coroner, a Democrat, an ardent Prohibitionist, for aid.

He hurried to his establishment where the bodies lay. Bolstering them in an upright position in their coffins he pinned them in front of the window. Above the head of each sign bearing the words "He Died of Drink" was tacked. As visitors hurried by, the Anti-saloon men directed their attention to the exhibit.

"The men were without friends, and their bodies might just as well have been put to some good use."

**DEPEW SAYS HE'S HAPPY.**

New York Senator Views End of Fifty-four Years in Public Life With Equanimity.

(ASSOCIATED PRESS NIGHT REPORT.)

NEW YORK, Nov. 10.—Apparently untroubled by the fact that his career in the United States Senate has come to an end, Senator Chauncey M. Depew sat in his library today and talked of his fifty-four years of political life that practically ceased on election night, when a Democratic Legislature was chosen.

He is the happiest man in the State of New York," he said. "I am 77 years of age. I have been fifty-four years active in politics and I think I can say that my ambitions have been reasonably satisfied. During the last campaign I made sometimes two speeches a night, once taking half an hour or more in the road, and the next morning I was as good as ever."

My health is good and my desire of years, to be happy myself and share that happiness with others, has been fairly well satisfied," he said.

There may be slight changes in these calculations probably to the benefit of my ambitions, but the applications go to the election of Ross, Democrat, for Lieutenant-Governor. The Democrats claim Secretary of State, Surveyor-General, State Printer, Inspector of Mines, Auditor—each a Democrat.

Reports from both headquarters indicate a very close vote on the Legislature, both parties claiming control of that branch.

**SUFFRAGE MAJORITY IS BIG.**

Votes for Women Amendment in Washington Carries by About Two to One—Cannon's Friend Strong.

(ASSOCIATED PRESS NIGHT REPORT.)

SEATTLE, Nov. 10.—The majority for the women suffrage amendment to the State Constitution, estimated on the basis of returns already received, will exceed 15,000. The vote was about 2 to 1 for the amendment.

The plurality of Congressman William E. Doherty, who first, the Senate district is probably 7000, showing that he was voted for by most of the insurgents of the district, although he was formerly a close friend of Speaker Cannon.

The Democrats gained a few seats in the Legislature but otherwise made a poor showing. The Socialist vote in the State is estimated at 4500.

**PARKER SPURNS DEPEW'S TOGA.**

HERRICK, HOWEVER, IS WILLING

(ASSOCIATED PRESS NIGHT REPORT.)

NEW YORK, Nov. 10.—Judge Alton B. Parker authorized the following statement tonight:

"I am not unappreciative of the fact that a great many good people favor my selection as a candidate for the United States Senate to succeed Senator Depew. I am, indeed, most gratified to them for thus supporting a most attractive candidate for our public service, but my obligations are such that I would not accept the office, even if it should be tendered to me."

D. Cady Herrick, mentioned as another probability, said today that he should not accept the Senatorship when it offered him.

Edward M. Shepard, also spoken of, was non-committal.

**POLITIC TO OUST POWERS.**

DEMOCRATS WOULD DENY SEAT.

(ASSOCIATED PRESS NIGHT REPORT.)

LOUISVILLE (Ky.), Nov. 10.—Reports were freely circulated today that there is a movement under way to have

SUCCESS.

**"COUNTRY LOOKS FOR LEADERS."**

**GOVERNOR-ELECT ADDRESSES PRINCETON MEN.**

Woodrow Wilson Tells Enthusiastic Students That Americans Will Split Party Lines to Vote for Man in Whom They Have Confidence. "Unite the Classes," His Slogan.

(ASSOCIATED PRESS DAY REPORT.)

PRINCETON (N. J.), Nov. 10.—Prides and jubilation are the order of the day in Princeton, which will devote its off-hours for the remainder of the week in celebrating the election of Woodrow Wilson to the Governorship. Bunting decorates many residences and business places, while portraits of the Governor-elect hang from hundreds of windows.

Two thousand students, led by a band, paraded the city by torchlight last night, winding up at midnight by serenading their college president, who appeared at a window and bowed his thanks.

In response to the chorused request for a speech, Dr. Wilson said: "The present time is the chance for every one of you. A college man should know the history of his country and be acquainted with its politics. The country is looking for leaders regardless of party, will support the man the people have confidence in. The present election is a national awakening which is not confined to New Jersey. Americans have turned with serious interest to the settlement of politics. They are going after national privileges until they no longer exist."

"I realize the duties which I and the Legislature will have to face, but I am not afraid of being a leader and a spokesman for my party, and serve the people to the best of our ability. It is the duty of all public men to try to unite classes instead of separating them."

Dr. Wilson walked down to the Field house and spoke to the football team after the parade had left. He said they should play the game for the game's sake, not merely to win. He thought the new game better than the old, for it was not so brutal and called for more brains.

**THE POLITICAL  
WATCH TOWER.**

There is a political pie to be cut in Los Angeles county as a result of the election, and from appearances Marcell Stimson has the knife that will cut it. The success of some of the Klan-Rooftoppers has brought forth an appointment-seeking appetite that it may be could be developed in such a select a political bunch.

Also the Good Government organization is reported hungry in an official capacity. Both elements are looking to Stimson,—yes, besieging him to sharpen the knife and go to it.

Appeals have not been made to Lissner because the little Napoleon of the election has declined to mix in the distribution of pie. That is, he is not going to mix unless he sees a big fat Klansman standing over him, screaming somewhere. Such a piece ofistry he will distribute to Lissner and there will not even be crust left.

But there are eyes being turned toward the Courthouse. Only two of the offices there pass to others than the old guard, and only in those two are revolutions expected. City Clerk Harlan, who handles the County Clerk in the lead, will have many places to fill and is already being besieged, it is reported, by those who want them. Auditor-elect Walter Craig is in the other with places to fill. Then there are three new judgeship.

Both factions were making a hard fight and the Prohibitionists appeared to be in the lead until late in the afternoon. Then the tide began to turn.

In a frantic effort the Anti-saloon leaders appealed to Deputy Coroner, a hard fighter, for aid.

He hurried to his establishment where the bodies lay. Bolstering them in an upright position in their coffins he pinned them in front of the window. Above the head of each sign bearing the words "He Died of Drink" was tacked. As visitors hurried by, the Anti-saloon men directed their attention to the exhibit.

"The men were without friends, and their bodies might just as well have been put to some good use."

**DEPEW SAYS HE'S HAPPY.**

New York Senator Views End of Fifty-four Years in Public Life With Equanimity.

(ASSOCIATED PRESS NIGHT REPORT.)

NEW YORK, Nov. 10.—Apparently untroubled by the fact that his career in the United States Senate has come to an end, Senator Chauncey M. Depew sat in his library today and talked of his fifty-four years of political life that practically ceased on election night, when a Democratic Legislature was chosen.

He is the happiest man in the State of New York," he said. "I am 77 years of age. I have been fifty-four years active in politics and I think I can say that my ambitions have been reasonably satisfied. During the last campaign I made sometimes two speeches a night, once taking half an hour or more in the road, and the next morning I was as good as ever."

My health is good and my desire of years, to be happy myself and share that happiness with others, has been fairly well satisfied," he said.

There may be slight changes in these calculations probably to the benefit of my ambitions, but the applications go to the election of Ross, Democrat, for Lieutenant-Governor. The Democrats claim Secretary of State, Surveyor-General, State Printer, Auditor, and Clerk of the Court.

It was fairly certain that the Republicans would be defeated, for the change in the vote that elected Ross in Massachusetts, Havens in New York, and Plaisted in Maine, was so nearly the same that there was no doubt that the country was up in arms."

**CANDIDATES SPLIT EVEN.**

BIG SCHEME INDORSED.

Property Owners Around Fresno Approve of Formation of New Drainage District.

WIRE TO THE TIMES: (EXCERPT) Nov. 10.—(Exclusive Dispatch.) Among conservative voters will be memorable as that of the Constitutional Convention.

For a party vote, the Democrats passed a recall proposal included even though it was known that the less Democrats were opposed, but they considered it better to go to their party conventions.

On the heels of Maricopa county, tried to secure an amendment to the judiciary but the First, on Nov. 18. Delegate Elmer Cochise county, Democrat, attempted Superior or Supreme court and this also was downed.

The provision is that the election on any offend-

ce in their judgment may

any committee report, which the provision gave no

the Democratic delegates who

the proposition is to the incumbent.

George C. Roeding, Whipple M. Giffen, Draper Fowler and F. X. Fleming are the committed in charge.

WATER IS ACCUSED.

Barred From Federal Office, Now in Trouble

Over Land Controversy

WIRE TO THE TIMES: (EXCERPT) Nov. 10.—(Exclusive Dispatch.) Alva Udell, attorney, is charged with forgery of affidavits to contest in two actions

Maricopa county yesterday.

There is plaintiff against G.

of Oakland, in one suit

and in the other

Barber is plaintiff against a

Twenty other actions may

be filed against San Fran-

cisco business men, said

induced by Udell to

keep his clients \$1.25 per

five cents per month, and

it is claimed, been col-

lected \$1,000 per month

and collected in the office on affidavits that

are insufficient, and when

monthly became insis-

tent, purporting to

settle the dispute, and the

duration of the agree-

ment.

The report will soon be considered by

the main body of the arbitration board

of the council.

It is said that wages of the iron work-

ers remain the same as provided for in

an agreement entered into between the

employers and the men on June 1, last,

and the eight hour day shall remain in

force until November 9, 1912.

Another conference shall be called to

decide what hours shall constitute a

day's work until November 9, 1912,

which shall be the date of the termina-

tion of the agreement after a three-

years course.

The conference shall affi-

liate and be held in California,

Washington and Oregon.

Another provision devotes a means for

the preliminary consideration of dis-

putes between employers and employ-

ees. A representative from each side

shall meet the shop committee and en-

deavor mutually to smooth the diffi-

culty. Any question that cannot be

settled in this way shall be re-

ferred to the committee and if ad-

justment is not at that stage, special

means must be named.

Pending settlement, there shall be no

lockout or strike.

The trades council asked for an agree-

ment to last until June, 1912, but

the date was extended for another

three-year period on the ground that

this was the life of the last satisfactory

agreement, and that it would be to the

advantage of the employer and the em-

ployee to establish "certainty" and

"steadiness to the trade."

In labor and commercial circles here

the recommendation is taken as being

timely and appropriate.

THE RECORDS QUAKES.

Despondent Man Ends Life.

OAKLAND, Nov. 10.—John L. Cole, 50, of the old residence at 1111 18th Street, died yesterday morning at a local rooming-house last night by gas asphyxiation. Coleman was despondent over the death of his wife, for whom he has never ceased to mourn since her death two years ago. The man leaves a son 20 years old.

Capt. Petersen Injured.

TACOMA (Wash.) Nov. 10.—(Exclusive Dispatch.) Capt. Chris Petersen of the schooner Stimson, bound from Ballard to Los Angeles with lumber, tripped and fell over deck lashings aboard his vessel this morning, dislocating his right shoulder. Capt. Petersen stopped at Port Townsend for surgical aid. Tonight she continued her voyage with Petersen aboard.

## WHO WILL NAME COMMITTEES?

**House Question Threatens to Divide Democrats.**

**Cannon May Agree to Be Shorn of Power.**

**Seniority Rule Means Triumph for the South.**

**ASSOCIATED PRESS DAY REPORT.**

**WASHINGTON, Nov. 10.—**Another committee on the question of taking from the Speaker the power to name standing committees is expected to develop soon after the House of Representatives assembled next month. This time it is not unlikely that the movement will receive the support of Speaker Cannon and his allies, inasmuch as the next assignments will be made by the Democrats.

Interviews with Representatives Murdock of Kansas and Norris of Nebraska indicate that they intend to lose no time in reopening the fight waged by "insurgent" Republicans last session, which reformed the rules and deposed Speaker Cannon from membership on the Rules Committee. That contest was won by "insurgent" and Democratic coalition.

**THREATENS HARMONY.** It is not known what the attitude of the Democrats will be when an effort is made still further to shear the Speaker of its great authority, but the chances are they will seek to force the battle over to the succeeding session, when they will be in undisputed control.

Some members of the party who are now here believe that if the power to appoint committees is taken away from the Democratic Speaker in the Sixty-second Congress, and handed over to the House membership, all hope of returning to the Democratic rule may be abandoned. It would mean the upsetting of the seniority rule and the turning down of many men of long service who have been the minority ranking members of the most powerful committee.

On the other hand, it is pointed out that harmony also would suffer from a maintenance of the seniority rule, as that rule would give to the South the chairmanship of all of the great committees, leaving unrecognized the new Democratic majority from Northern and Western States.

**SOUTHERN MEN IN LINE.**

Under the seniority rule the Committee on Agriculture would go to Lamb of Virginia, Foreign Affairs to Flood of Virginia, Immigration to Burritt of Alabama, Indian Affairs to Stethem of Texas, Interstate and Foreign Commerce to Adamson of Georgia, Judiciary to Clark of Alabama, Merchant Marine and Fisheries to Clark of Florida, Naval Affairs to Padgett of Tennessee, Patents to Legg of South Carolina, Pensions to Nichols of Alabama, Postoffice to Moon of Tennessee, Printing and Stationery to St. Gaudens, and Ways and Means, the greatest to Clark of Alabam, who is now the ranking minority leader, should fall to capture the Speakership.

**NEW YORKER UNPOPULAR.**

Appropriations, under the seniority rules, would go to Fitzgerald of New York, but it is said that such is his unpopularity with the prospective speaker that the place probably will be given to Burleson of Texas.

Military Affairs, under the seniority arrangement, would go to Sulzer of New York, and there is little doubt that he will capture this important chairmanship under whatever plan is adopted.

Whether the seniority rule is retained or the Speaker be permitted to name committees, whether their selection be left to the leadership of the House, all of those who are in the minority ranking members of the

**CHURCH AND STATE AT BRIDGE.**

**(ASSOCIATED PRESS DAY REPORT.)**

**ST. LOUIS, Nov. 10.—**Gov. Hadley of Missouri and Gov. Deeney of Illinois dedicated the Illinois Traction System's new bridge over the Mississippi River here today in the presence of 200 invited guests. Archbishop J. J. Glennon of St. Louis blessed the new structure, which is known as the McKinley Bridge, and Dean C. M. Davis of the Episcopal church delivered the invocation.

principal committees are expected to insist upon promotions to chairmanships. They will claim that their long service in the House entitles them to these places as a matter of right.

**SAVES MAN'S LIFE.**

**ATTORNEY IN NICK OF TIME.**

**(ASSOCIATED PRESS NIGHT REPORT.)**

**WASHINGTON, Nov. 10.—**John Wynn, able seaman waiting in his cell in a Honolulu jail for the call of the hangman, can thank an energetic attorney in the Department of Justice for a new lease on life. President Taft, who had been due to leave the city to start on his trip to Panama yesterday signed a report of thirty days for the execution to January 3, and when the President returns will consider an application for parole now pending. Wynn was convicted of the murder of an officer on the oil ship Rosecrans in Honolulu harbor in 1907.

**WATERS LARGEST AREA.**

**SALT RIVER DAM REPORT.**

**WASHINGTON, Nov. 10.—**The largest area ever covered in the Salt River Dam was watered by the Reclamation Service during 1919, according to the report of the engineer in charge of the project, made public by the Reclamation Service here today. Water was furnished through 490 miles of irrigation ditches and those lands which contained crops were furnished with 100 acre-feet of water, or enough to cover each acre with five feet of water. Although this was year of unusual drought, the report says the water supply was ample throughout the year. A guarantee of sufficient water in times of drought is furnished by the reservoir created by the Roosevelt dam.

**PURE AIR FOR SUBMARINES.**

**PLAN EXPECTED TO SAVE LIFE.**

**(ASSOCIATED PRESS NIGHT REPORT.)**

**WASHINGTON, Nov. 10.—**As a means of protection for human life in cases of accident in submarine boats of the United States Navy, the Navy Department has decided to designate an board to investigate the equipment of submarine boats with oxygen helmets and the installation of apparatus capable of generating that life-sustaining fluid on board such vessels as required in the event of man overboard. Tests made on the submarine boat Octopus demonstrated that fourteen men could remain confined an entire day without fresh air. By purifying the air with chemicals, such as peroxide of sodium and potassium, it is thought that life might be prolonged perhaps a week.

**CENSUS BUREAU REPORTS.**

**ALABAMA AND FLORIDA GROW.**

**(ASSOCIATED PRESS NIGHT REPORT.)**

**WASHINGTON, Nov. 10.—**The population of the State of Alabama is 2,158,692, as enumerated in the thirteenth census. This is an increase of 309,396, or 16 per cent., over 1,829,697 in 1900. The increase from 1890 to 1900 was 255,680, or 20.9 per cent.

The population of Florida is 1,328,697, an increase of 200,000, or 15.6 per cent., over 1,128,697 in 1900.

The second hearing is expected to be held shortly after the first of the year.

**FAVORS INCREASED RATES.**

**FRENCH FINANCER SAYS REACTION AGAINST AMERICAN TRADE IS EXTREME—FRENCH-TARIFF HIGHER.**

**(BY DIRECT WIRE TO THE TIMES.)**

**PARIS, Nov. 10.—**(Exclusive) Dispatch. The French government should be directed to increase the differential rates for upper berths as compared with lower berths. It is the sentiment of the board that reductions should be made voluntarily throughout the country without waiting for formal complaints or orders from the commission.

"If the commission, in the case now pending, reaffirms its principle of a differential rate for upper berths as compared with lower berths, it is the sentiment of the board that reductions should be made voluntarily throughout the country without waiting for formal complaints or orders from the commission."

The Le Havre case, which has resulted in this decision by the commission, is the second to be heard before the court of appeals.

As soon as he heard the report that there were men in the mine, Lewis rushed into the main stop, followed by the other bosses. An instant later came the explosion which wrecked the mouth of the main stop, and buried the party beneath the rock. All must have been caught, but Lewis undoubtedly is farthest in.

In their first real tryout the mine rescue cars proved of inestimable benefit. Had it not been for the government car and the one Colorado car, the miners would have been lost.

It is the opinion of the commission that the failure to increase freight rates would hurt the credit of the railroads in European capitals, the correspondent of The Times said.

The dream of the leading financiers of both nations is understood to be that French capital should be invested in American securities.

France has money, say the French bankers, but lacks thousands of investors. France saves more than \$600,000,000 (\$100,000,000) a year.

On the other hand, America has plenty of business but lacks money. The dream of the leading financiers of both nations is understood to be that French capital should be invested in American securities.

The bodies of W. J. Evans, assistant superintendent, and T. Woodward, assistant electrician, were brought out in the course of the evening. The total

number of bodies thus far recovered is

number-nine.

**DISREGARD T. R. S' ADVICE.**

**NEW MEXICO CONVENTION ADOPTS ARTICLE REQUIRING TWO-THIRDS VOTE TO AMEND CONSTITUTION.**

**(ASSOCIATED PRESS NIGHT REPORT.)**

**SANTA FE (N.M.) Nov. 10.—**The Constitutional Convention late today disregarded the advice given by Theodore Roosevelt to make a Constitution easily amended, and adopted an article requiring two-thirds of each house to propose an amendment and a big majority of the electorate to approve it.

Revision of the whole Constitution, or the calling of another Constitutional Convention is made even more difficult.

The article on mines, making the minimum age limit for employment during school terms 14 years was adopted.

The second hearing is expected to be held shortly after the first of the year.

**CONFER ON FREIGHT RATES.**

**REPRESENTATIVES OF IMPORTANT HEADS OF STATE MEET IN SIGNIFICANT DISCUSSION.**

**(ASSOCIATED PRESS NIGHT REPORT.)**

**ST. PAUL, Nov. 10.—**After confering over the greater part of the morning and afternoon, during which the question of the freight rates and incidentally homeseekers' rates were discussed, representatives of the most important railroad systems of the West left for their homes tonight.

It was stated that nothing definite

was done regarding any contemplated action in connection with rates, but that any information as to the result of their deliberations beyond the mere admission that the question of freight rates had been considered.

Those present at the conference were James J. Hill, Louis W. Hill, Great Northern; President Howard Elliott, Northern Pacific; Darius Miller, Chicago, Burlington & Quincy; President A. J. Earling, Chicago; Milwaukee & St. Paul; President George Pease, Duluth, Superior & Atlantic; St. Paul & Seattle; Marie E. P. Rinney, Santa Fe, and J. C. Stubbs, traffic director Union Pacific and Southern Pacific railroads.

**RAILROAD NOTES.**

**H. C. Cannon, head of the Pacific Coast Steamship Company, left for the East yesterday.**

**Mr. Cannon, of Milwaukee, president of the "Merry Widow" Theater Company, were married today in Paw Paw, Mich.**

**The first Mrs. Rose died several weeks ago.**

**He met his new wife two years ago, while she was in the "Merry Widow" chorus.**

**FINEST FOR FUNNY TONIC.**

**(ASSOCIATED PRESS DAY REPORT.)**

**CHICAGO, Nov. 10.—**Mrs. Gervaise Graham was fined \$50 and costs by Justice Louis J. Laskin of the Federal Court yesterday on a plea of the hair being misbrained hair tonic. The latest "Guaranteed to grow hair on bald heads," and then under "Instructions" it read: "Rub in the roots of the hair." The first Mrs. Rose died several weeks ago.

**D. W. McPherson, of the Northern Pacific Steamship Company, went to San Diego yesterday.**

**EX-MAYOR ROSE WEDS ACTRESS.**

**(ASSOCIATED PRESS DAY REPORT.)**

**CHICAGO, Nov. 10.—**(Exclusive) Mrs. Rose Marie White, famous for her role in the "Merry Widow" Theater Company, were married today in Paw Paw, Mich. The first Mrs. Rose died several weeks ago.

**Having reached this place, the problem now confronting us was to pick the rock on which Barrill stood when he was photographed with the flag in his hand.**

**Dr. Cook makes no mention of this in his book, never having been far enough to see them.**

**Thus, we went up the hill to the southwest face of Mount McKinley, and after reaching an elevation of 12,000**

**feet, gave up any further attempts to scale the mountain.**

**"While I regret that we were unable to get to the top, still we had accomplished the object of my mission and feel satisfied with the result of our expedition."**

**When asked what he thought of the dispatches from Alaska in the early summer, saying that Tom Lloyd had reached the top of the mountain, Prof. Parker said he desired to correct some statements which had been attributed to him concerning the latter.**

**"I never said," he declared, "that Tom Lloyd did not reach McKinley's summit. What I did say, was that although our party got within seven miles of it, none of us could see, even with the strongest of glasses, the flag on pole.**

**Lloyd says he planted there to start the flag.**

**How ridiculous, however,**

**the statements were that flag Barrill stood on himself which was seen from Fairbanks, 100 miles away."**

**Prof. Parker, in spite of his failure to conquer McKinley, believes that a way will yet be found to scale the mountain.**

GREAT DAY.

## POPE WINNER AT PHOENIX.

*Apperson Goes the Fastest Miles of Meet.*

*Many Thousands Witness the Auto Classics.*

*Franklin Cracks Cylinder in Morning Tryout.*

BY BERT C. SMITH.

IST DIRECT WIRE TO THE TIMES.] PHOENIX, Nov. 10.—[Exclusive Dispatch.] The summaries of automobile races at the State Fair, today, are:

Fifteen miles for cars winning first, second and third places in desert races; Pope-Hartford (A. E. Gage) driver, won, time, 16m. 15 2-5s.; Franklin (Guy Irwin) second, time, 16m. 31 3-5s.; Kissel-Kar (Harvey Herrick) third, time, 16m. 31 1-5s.

Twenty-five miles, free-for-all: Apperson (Harris Hanshue) won; Apperson (Willie Sheriff) second; Kissel (Harvey Herrick) third; time, 26m. 5s.

Ten miles for cars 201 to 300 cubic inch displacement: Durocar (Clifford McKeague) won, time, 16m. 35s.; Mercer (C. H. Bigelow) second, time, 16m. 50s.; Pope-Hartford (Gage) third, time, 16m. 5s.

Four miles, free-for-all: Apperson (Hanshue) won; Pope-Hartford (Gage) second; Ford (E. Roger Stearns) third; time, 16m. 4s.

Ten mile handicap, free-for-all: Parry (W. Horine) won; Ford (Gage) second; time, 16m. 5s.

Fifteen mile handicap, free-for-all: Apperson (Hanshue) won; Durocar (Bigelow) second; time, 16m. 4s.

One mile trials against track record: Apperson (Hanshue) 1m. 2-4s.; Durocar (McKeague) 1m. 2-4s.; Mercer (Bigelow) 1m. 2s.; Rambler (Sheriff) 1m. 3s.; Vette (J. H. Stickney) 1m. 12s.

LARGE ATTENDANCE.

Eighty thousand persons, the record attendance at the Arizona Terrestrial Fair, saw one of the greatest automobile track meets ever held on a dirt course, when the winners of the Los Angeles-Phoenix sand battle races today.

It was a nerve tingling contest from the fraction of a second when the starting gun was fired until the checkered flag was waved at the finish. This was the grandest cheered. They had to wait the results of all the track records for the Phoenix courses in the fifteen mile event, and hampered to smother the miles stock car record in competition in the fifteen miles.

It was a chance to test the speed of the cars, it was a revelation. The Apperson proved to be the fastest car on.

When the main event of the day, the race between the Kissel-Kar, winner of first place in the Los Angeles-Phoenix sand battle; the Franklin, second place car, and the Pope-Hartford, the show entry was announced, the crowd prepared for the tenses. Then the spectators learned that the Franklin had cracked one of its cylinders in the early trials. This was a disappointment.

The air-cooled "green bound" was a favorite with many and was the car picked to give the Apperson a run for the cash prizes.

Franklin took the lead, started his motor and sent the car into the race with the engine hitting on five cylinders. Guy Irwin was placed at the Pope's wheel, taking the place of W. D. Tremain who had driven the car in the desert race.

HE HOLDS LEAD.

From the snap of the pistol the Pope took the lead with the Kissel a close follower and the Franklin bringing up the rear. A. E. Gage was at the Pope's wheel, taking the place of W. D. Tremain who had driven the car in the desert race.

Gage held his lead to the finish of the fifteen mile contest. The Kissel and the Franklin followed the leader closely in a fight for second place. Irwin on the Franklin took the spur and showed that his car could do even with a cylinder cracked. He chopped down the head of both cars. The tires on the Pope were worn to the fabric but Gage took a chance. Irwin drove into the turns at great speed close behind the Kissel.

At the end of the fifth mile the Pope was first, with the Kissel second and the Franklin less than the length of its hood behind the winner of the desert race. The Kissel was a winner. The crowd was wild. The Pope had gained a larger lead at the end of the tenth mile but the Franklin had taken second place by a length.

Tearing into the back stretch for the last mile the Pope swept onto victory and the Kissel and Franklin fought it out for second place with the Kissel just a few yards ahead of the Kissel. The battered machines looked good. The Franklin carried its desert equipment and the Kissel was stripped just as it was when Harvey Herrick won the great race. The Pope looked fit and the car made a great race, winning by a hand.

There was sentiment in this contest. The women were keenly interested in the bruised and scarred motors which had shown their class on the worst roads over which an automobile race was ever held. Excited maidens and matrons waved handkerchiefs and ribbons as the drivers and the cars marched along to the tape. The machines looked like racing when they left the start at Second and Spring streets in Los Angeles, but were all in fine shape as far as the motors were concerned.

THEY'RE OFF.

With exhausts snapping angrily and clouds of smoke pouring across the track the cars were sent away. The spectators saw the machines they have now learned to know tearing around the circle at a speed that would have done credit to some of Barney Oldfield's best efforts. The clockers had to be careful to catch the cars as a hundred other watches were strapped to the autos skidding around the curves.

Representative citizens of Phoenix, judges, lawyers and city officials, saw the contest and all cheered for the cars. The meet was a tip-top success and there was not a hitch in the programme. Every car that finished the desert race with the exception of the Atlanta-Detroit, for which tires could not be secured, started in the races this afternoon.

Though the horses have held the

programme for the first three days of the meet at the fair the automobiles took first place today and the track had a most special baptism when the cars tore over the dirt at a fearful pace in the first-class card of events arranged.

Harris Hanshue, in the Apperson "Jackrabbit," cleaned up the lion's share of the track here. The course was a smooth, fast straightaway and Apperson turned a mile in 56.5 in one of the most sensational dashes ever seen. Rushing into a cloud of dust in which were half a dozen cars making fast time, Hanshue had a chance. Showed his hands as good as ever and won from scratch, leaving every other machine in the race.

It was a brain-whirling finish as the Apperson seemed distanced with other drivers for a minute or more after Hanshue went out on the fifteen-mile race and picked up the cars one by one, making miles in 57 and 58 seconds time and again and once near the finish in 56.5.

CROWD DISAPPOINTED.

Enthusiasm was on tap from the moment the first event, a twenty-five mile race, was started. There was disappointment when it was announced the enthusiasts at the aviation field today. Tonight's flights differed in many respects from anything seen here hitherto.

They included bomb-throwing and target shooting from speeding airships; aerial gymnastics and trips about, made by government officials, followed by official expressions as to the sensations experienced, and as to the merits of aeroplanes of different designs.

Postmaster-General Hitchcock, after a flight with Count Jacques de Lesseps, was so pleased that he asked Arch Hoxsey for a higher flight in the Wright biplane. But Hoxsey had found the upper air too gusty to make passenger-carrying attempted safe to him.

After asking the Postmaster-General to wait until tomorrow, Mr. Hitchcock expressed himself as delighted with his experience in the air.

After he had been brought safely to earth, Gen. James Allen, Chief Signal Officer, arrived and Count Jacques de Lesseps' 100-horse-power Blériot and was given the new experience of a flight.

In the party from Washington with him and the Postmaster-General were Secretary of War Dickinson, Gen. William Witherspoon, president of the Army War College; Thomas Nelson Page and several others together with a host of officials.

The first of the flyers to take wing was the ten-mile handicap event. The Ford went away in a lead that placed the Parry, with W. Horine at the wheel, caught the midge car and just nixed the Ford out at the finish. This was an exciting contest, as the result was in doubt almost to the tape.

With a handicap of three minutes the Ford went away into the stretch and gained almost a mile on the Parry which had a handicap of two and a half miles.

The first of the flyers to take wing was the ten-mile handicap event. The Ford was given a start of twelve seconds over the Apperson, which was at scratch. This car, which McKeague was driving, went to the first quarter in 22 1-2s. The Apperson took the quarter in 22 1-2s. McKeague made a hard race and kept his car up to a perfect pitch all the time.

The Mercer, with a handicap of four minutes, did well and kept its lead while the Ford was trying to overcome the start of the Duron. On the sixth Hanshue caught McKeague's lead and passed him in front of the grandstand.

This final victory for the Apperson was a run for the cash prizes.

The Mercer took the lead in the fifteen mile race, but a flat tire stopped him. His bearings, Capt. Dowd fired twice at the C target, U. S. A. small arms practice, but the best of the shots missed the mark by four feet.

## Classified Liners.

**Times Classified Rates:** The rate for the service of the Times is \$1.00 per word for each insertion in the Sunday issue; \$1.00 per word each insertion; minimum charge, 20 cents; per word minimum charge, 20 cents; "Neets," "Personal," "Special Notes," "Church Messages," "Miscellaneous," and "Baths and Messages."

"Liners" (classified) advertisements for Sunday insertion received over the counter or by telephone after 11 a.m. will be delayed. Ads will be inserted under heading "Too Late to Classify."

Sunday real estate advertisements, to be classified properly, must be in the Times before 6 p.m. No ad will be inserted Saturday night. Bikes not worth \$100.

The Sunday circulation of the Times are 80,000 copies and these "liners" are regularly printed in a column that is around the other Los Angeles newspapers combined.

Telephone your want advertisements. Ring twice, then ring once. Call 458-1000. Night and double prompt and careful attention.

The Times cannot guarantee accuracy or assume responsibility for errors of any kind occurring in telephoned advertisements.

**THE TIMES** will not be responsible for more than one incorrect insertion of any advertisement ordered for more than one time.

Advertisers should retain receipts given by the Times in payment for "liners" as no mistakes can be rectified without them.

## SPECIAL NOTICES.

**State in this classification 2¢ per word Daily and Sunday, minimum charge 12 words.**

**LEW GONG'S OWN SHARE OF GOING SONG** Co.'s vegetable ranch at El Monte was sold to Mr. and Mrs. Frank C. DeLong. The payment is to be settled at 41 N. Los Angeles St., Los Angeles, at 12 o'clock noon. All bills or debts incurred by Lew will be requested to be paid before the settlement of the account. After the payment is settled, the new owner will not be responsible for Lew's debts.

**"WANTS" ADE FOR THE SUNDAY TIMES** would be in the office by Friday night or earlier, if possible. Service can now be inserted in the classified columns at the extent of sending or telephoning their ads early will be appreciated.

**NOW IS THE TIME TO GIVE YOUR OR- DERS FOR CARVED BOOKS, EXECUTIVE DESK TOPS, YOUR COAT OF ARMS, MONOGRAM OR INITIALS; handwoven present for office or library. 182 VENICE AVENUE, LOS ANGELES, CALIFORNIA. H. Hoover, Mrs. Walker, wood carver and designer.**

## Los Angeles County Correspondence.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

PARADENA.

DESIRE OWENS  
RIVER WATER.IT IS NEEDED BY THE THREE  
MESA CITIES.Consolidation With Los Angeles  
Under Borough Form of Govern-  
ment Is Favored Providing Privi-  
leges Are Liberal—Gentleman  
Burglar Makes His Escape.Office of The Times, 38 S. Raymond Ave.)  
PASADENA, Nov. 11.—The second  
meeting of the Inter-Municipal Com-  
munity of Interest Commission was  
held at South Pasadena. The commis-  
sion is composed of three members  
each from Pasadena, South Pasadena  
and Alhambra, and its duties are to  
devise some manner of securing ade-  
quate water and drainage facilities for  
the three cities and possibly some sur-  
rounding territory.At last night's meeting the commis-  
sion got down to real business, and  
while nothing of a definite nature was  
agreed upon, the general results were  
that the much talked of Tejunga Ba-  
sin supply is not feasible; that it will  
be impossible to secure a supply of  
water from the Narrows near El Monte  
as a result of the opposition of the  
landowners in that district; that the pres-  
ent water supply underlying the entire  
mesa district is gradually diminishing;  
that the only sure way is to get a por-  
tion of the Owens River water from  
Los Angeles. The sentiment of the  
members was that the consolidation  
of the city of Pasadena and the others  
not look good, but that the consolidations  
of the three cities with Los Angeles  
would be acceptable under a bor-  
ough form of government, providing  
the borough can have liberal privi-  
leges.The next meeting will be held in  
Pasadena at the call of the chairman  
whenever the various investigating  
subcommittees have something definite  
to report. The commission's original  
water supply was instructed to look  
into the consolidation question was also  
instructed to make further investiga-  
tions.

## DEVIL'S GATE BRIDGE.

At a meeting held yesterday after-  
noon, at Devil's Gate, between the  
supervisors and a big delegation of  
Pasadena and La Canada people, the  
bondsmen agreed to build a new coun-  
try road along the crest of the Ar-  
royo Seco from Linda Vista to the old  
La Canada road to put the present  
iron bridge which spans the Ar-  
royo Seco at Devil's Gate in good re-  
pair.The only hitch in carrying out the  
present plan is in getting a small  
piece of right of way from the owner  
of some property near Devil's Gate  
over which the proposed road will run.  
"We have the money to do this  
work," said Supervisor Pridham, "and  
we will commence just as soon as you  
people can secure the right of way."The La Canada people wanted the  
Supervisors to consider building a new  
bridge at Devil's Gate to span the ar-  
rowy few hundred feet which separate  
the present old bridge. This site is on the  
high rocks which form excellent abut-  
ments for a bridge. The cost would  
be probably \$50,000 and the Supervi-  
sors stated there is no money now in  
the treasury, for such a bridge, but  
they gave instructions to County Sur-  
veyors to make surveys in connection with  
the Highway Commissioners for such  
a structure to be built when the cash  
is available.For the present the old bridge will  
have to answer the purpose but it will  
be thoroughly overhauled and given  
new rods and a new floor. This repair  
work will have to be done by the  
Highway Commission in building the  
county boulevard from Pasadena to  
La Canada can begin. It was stated  
yesterday that the stretch of the  
boulevard, which will connect Pas-  
adena with La Canada and with the  
other branch of the county boulevard  
running from Glendale through Ver-  
dugo City to La Canada, will be  
started within two weeks.The road from Linda Vista to the  
La Canada road, when completed,  
will be one of the scenic roads of the  
county. It will follow the contour  
of the hills on an easy grade. The view  
of the mountains and the San  
Gabriel Valley, including Pasadena and  
Altadena, will be grand and it will be  
a favorite route for tourists.

## MAYORALITY CAMPAIGN.

Now that the State and county elec-  
tions is out of the way, local politi-  
cians are turning their attention to  
the campaign to enter into the mayoralty.  
Several prospective candidates for  
Mayor have been announced, but, so far,  
nothing of a definite nature has  
been sprung. Councilman John D.  
Mersereau resigned his seat in the  
City Council two weeks ago but his  
fellow members refused to accept him.  
Mayor Early was appointed a com-  
mittee of one to coax Mersereau to  
"stay with the ship," at least until  
after the spring election. Yesterday  
it was decided and agreed that he had  
changed his mind and will continue  
to assist in making the city's laws for  
a few months more. Mersereau's resig-  
nation was taken by the members  
who wanted to give all his time to  
his campaign for mayor, although he  
himself, stoutly denied that the mayor-  
ality bee was caging near his bon-  
net. He stated yesterday that he  
had told his chum with much better  
if he will stay "with his gun."George F. Kerneghan is being  
boasted for the place at the head of  
the ticket. He is a well known  
man and Kerneghan will be a sure winner.  
Other names suggested are William  
Thru, Dr. Rudolph Schiffman, H. C.  
Hotalling, Ed. F. Off, Harry George  
and the present occupant, Thomas  
Earl.

## SWELL BURGLAR ESCAPES.

Safely slaying the entire police force  
twice yesterday George A. Millar, alias  
Robinson, Pasadena's gentleman bur-  
glar, has escaped. He is now supposed  
to be resting easy in Los Angeles.  
Millar is described as a fine-looking  
gentleman, tall and manly. He  
was born in the city of Pasadena and  
will be a sure winner. Other names suggested are William Thru, Dr. Rudolph Schiffman, H. C. Hotalling, Ed. F. Off, Harry George and the present occupant, Thomas Earl.The matter was reported to the police  
but no trace could be found of the  
fashionable burglar. Two of the mem-  
bers of the club took it upon them-

selves to shadow Millar. They traced  
him to the Guiraldo and told the police.  
Millar was apprehended, denied  
the charge and let off. Again the police  
were appealed to and yesterday  
morning went to the office of the Guiraldo.  
Millar saw them coming and while  
the officers were examining the  
register and discussing the results of  
an elevation in the hotel, the suspect  
went down the back stairs and out  
through the kitchen. Chief of Police  
Wood believing Millar had taken a  
short cut for the Angeles and  
an auto and started in hot pur-  
suit, but Millar changed course at South  
Pasadena and in Garvanza changed to  
the yellow car and eluded the officer  
the second time. In the meantime Millar  
ran around and searched and two of the  
stolen watches recovered, also several  
other articles of jewelry supposed to  
have been stolen.

## WILL OPERATE THEATER.

R. E. Norton, owner of the Norton  
Theater, announced yesterday that he  
will take charge of his playhouse per-  
sonally and operate it during the winter.  
He called on Mayor Earley and  
stated that he will not give any Sunday  
shows. The new manager, however,  
pleased his wife, who opposed to  
Sunday theaters, although he recently  
voted an ordinance to prohibit Sunday  
shows. C. H. Young, formerly man-  
ager of the North Theater, resigned his  
position a few days ago and will  
not be able to manage the theater  
all plays which he had booked, giving  
as his excuse that the playhouse did  
not pay. Mr. Norton stated yesterday  
that he will keep the theater going all  
winter whether it pays or not.

The Rose Queen contest now being  
carried on to choose the Queen for the  
big tournament is not making the pro-  
gress expected although a few votes are  
being cast. The voting was suspended  
yesterday and will be resumed on  
Sunday afternoon.

James A. Irwin and wife, Lizzie Ir-  
win, who were brought up from San  
Diego a few days ago by Constables  
of the city of Los Angeles, were  
operating a blind pig in the San  
Fernando Valley last winter, pleaded  
guilty yesterday before Justice Klam-  
roth and were put on six months' probation.

The Pasadena Polo Club has received  
an invitation from E. J. Boeckie, cap-  
tain of the Santa Barbara team, to play  
an exhibition game at Santa Barbara  
at the end of November. The game  
will be on the 28th. The polo  
marathon will be all the expense of the local  
team, and will probably be accepted.

A pretty affair of yesterday after-  
noon was the five hundred party given  
by Mrs. R. C. Headland at her home,  
No. 84 North Michigan avenue, in  
honor of Mrs. E. F. Dailey, a bride  
from San Francisco. There were fifteen  
guests.

A well-appointed luncheon of yesterday  
afternoon was that of Mrs. David  
Clegg of 110 South El Molino  
avenue, at the Rose Tree Tea House on  
South Orange Grove avenue. Covers  
were laid for ten.

Dr. and Mrs. O. I. Blackley entered  
last night at their home, No. 75 Oakland  
avenue, the members of the Thursday  
Evening Club.

Wadsworth sells paints.

## FINISH MAIN PART OF WALL.

Protection Against Sea Is Afforded  
House and Broad Walk at  
Ocean Park

OCEAN PARK, Nov. 10.—Work was  
completed today on the main part of  
the construction of the reinforced con-  
crete pier which forms the foundation south  
of Venice. The contract price was  
\$19,000 for the 1400 feet of seawall, the  
building of which was made necessary  
by the encroachment of the high tides.  
The wall extends from the ocean front  
and broad walks will be de-  
veloped and extends southward from the  
wooden retaining wall from Vista to  
Clark avenue. This is the first concrete  
construction in the waters of the South-  
ern Pacific and the success of the  
periment has already been demonstrated.

The Micaglio Italian Band of forty-  
five pieces will come to the ocean front  
early in February to give free con-  
certs. This band took the highest honors in  
the recent international band contest at Paris and is  
seeking a summer engagement with the  
proprietors of the new \$100,000  
pier and entertainment house here.

For Justice of the Peace of Ballona  
township, William A. Rennie was  
elected unanimously. He was the Re-  
publican, Democratic and Socialist can-  
didate. In the election Constable  
F. J. Barton defeated R. R. Finn.

The body of Ole E. Blair, who died  
here yesterday, will be sent to his for-  
mer home in Boise City, Idaho, for  
burial. Deceased, who was 42 years old  
and had been at the beach during the  
past month.

## WHITTIER.

WHITTIER, Nov. 10.—Sada L.  
George, daughter of Robert George, a  
millionaire, was today married to  
Capt. F. W. Wilson, a musician. The bride  
was dressed in a blue silk dress, em-  
pire style. She wore a necklace of  
pearls given to her by her father. The  
married couple received their  
friends in a bungalow and a garden  
from the bride's father. The wedded  
pair will go North for their honeymoon  
trip.

## PLAYA DEL REY.

PLAYA DEL REY, Nov. 10.—In this  
precinct Tuesday the electors were  
called upon again to settle the liquor  
question for the ensuing two-year  
term. Thewets prevailed, the vote  
being eleven for liquor and four  
against.

## RENDONDO BEACH.

RENDONDO BEACH, Nov. 10.—The  
first consignment of railroad ties  
shipped from Australia to the United  
States, is on its way to Rendondo. The  
ties, about 66,000 in number, are mainly  
iron bark, much used in railroad con-  
struction in Australia.

## MAT BE LOS ANGELES FIEND.

SCHOOL GIRL IS ASSAULTED BY  
BRUTE IN GROVE AT BALLONA.

SANTA MONICA, Nov. 10.—It  
looks as if the young ruffian who  
has been criminally assaulting  
women in Los Angeles, has now made  
the beaches the scene of his dastardly  
operations. Lulu McLaughlin, 14  
years old, the daughter of William  
McLaughlin, was struck down today  
with criminal intent by a man an-  
swering to the same description of the  
Los Angeles brute. The police were  
notified. They caught a suspect, whom  
they took to the girl for identification,  
but she said he was not the  
guilty party.

The young woman was on her way  
home from Ballona school and was  
just passing through. During the  
attack she was struck on the head with  
a stone.

The matter was reported to the police  
but no trace could be found of the  
fashionable burglar. Two of the mem-  
bers of the club took it upon them-

## LONG BEACH.

EXCITING HUNT  
IS FRUITLESS.WHALE HUNTERS RETURN MINUS  
ANY LEVIATHAN.

They Pursued Big Brown Fellow  
Toward Catalina, But It Sounded  
and Got Beyond Reach of the Har-  
poon—City Is to Have New Base-  
ball Park.

## PLAN TO OPEN STREET.

Santa Monica City Council Would  
Make Eighth Street Connect  
With Compton Road.

SANTA MONICA, Nov. 10.—The City  
Council is endeavoring to make Eighth  
street a direct boulevard from the old  
Compton street road on the south to  
the canyon on the north. The highway  
is now blocked by Colorado Avenue  
on the south by the Southern  
Pacific tracks. To open the street  
across this impediment will cost ap-  
proximately \$3000. A commission com-  
prising of W. K. Cowan, F. E. Stock-  
ton and M. O'Brien has been ap-  
pointed to assess the damage and  
make arrangements to open the street  
from California to San Vicente Boulevard and transfer  
the title to the franchise from Seventh  
to Eighth street.

There not being even a remote pos-  
sibility for the unionizing of the Ocean  
Park and Santa Monica school dis-  
tricts, the Polytechnic high school pur-  
sues the matter of ocean park. Ac-  
cording to the present situation, the  
desire is to secure au-  
thorization for an issue of about \$125,  
000. With this the five-acre site  
would be secured and suitable buildings  
erected. The plans are for a  
polytechnic and agricultural school  
to be located centrally in  
the district.

For a stated consideration of \$20,000  
M. Kelly has purchased from H. P.  
Christiansen a frontage of forty feet  
on the ocean front just south of Pier  
avenue. The plan is to improve the  
exterior of two single-story frame  
buildings of cheap construction. The  
plan have a length of ninety feet and  
change, a width a year ago at \$15,000.  
Less than eight years ago the same  
property was sold for something less  
than \$400.

LONG BEACH, Nov. 10.—The party of  
whale hunters who left a few days ago  
in the launch Camiguin, arrived  
home today but brought no leviathan  
in tow. They had, however, an exciting  
experience yesterday afternoon in the  
channel between here and Catalina, but the big brown whale they followed  
was too speedy and the distance be-  
tween it and the boat could not be  
closed, though they pursued for two  
hours. Finally the whale went below  
the surface and when it came up the  
surface and when it came up the  
boat was hopelessly distanced. As  
it costs \$4 for each shot of the har-  
poon gun, the hunters did not give way  
to the desire to take what would prob-  
ably be a long and unsuccessful shot  
at the big fish. Another cruise has  
been set for tomorrow.

The Strand Company today began  
the work of putting 396 feet of sheet piling  
along the south of its beach property  
as a protection against high tides.  
Boards ten inches wide and two inches  
thick are being jettied four feet below  
the present level of the sand. The  
contractors say the protection is only  
temporary and will later be replaced by  
a concrete bulkhead.

Long Beach is to have a new base-  
ball park, a lease having been secured on  
a five-acre tract on America ave-  
nue. The architect is W. H. Grant.  
The park will begin tomorrow. Long Beach is  
to have Southern League ball this winter  
and George Stovali and two friends  
will be in charge.

HISTORIC BELL.

On behalf of Mrs. A. Belcher, Dr.  
Perce today presented to the Chamber of  
Commerce Museum an old brass bell that  
for many years did service at the  
drum barracks at Wilmington and hung  
on a post near the entrance, be-  
ing used as a call to the troops. Mrs.  
Belcher secured it when she purchased  
the old barracks property in 1901. Accom-  
panying the bell is a clipping of a  
historical sketch of the barracks,  
which was built in 1862 on land pur-  
chased from the Indians, and cost  
\$27,000.

The cutterhead of the electric  
dredger last night severed the mains  
of the water company where they  
cross the inner harbor and residents  
of the Harbor Island and San Pedro  
have had no water for four hours. The  
water company secured several  
tank cars and sent over a supply of  
the fluid by the Salt Lake Road. Re-  
pairs will be completed before to-  
morrow evening.

POMONA.

CROP OUTLOOK  
IS EXCELLENT.ABUNDANCE OF ORANGES UPON  
THE VALLEY TREES.

There Won't Be Much Fruit for  
the Thanksgiving Trade, However,  
as It Is Not Colored to Any Ex-  
tent—Old Man's Young Wife  
Leaves Home.

POMONA, Nov. 10.—The outlook for  
the orange crop here this year is ex-  
cellent. There is an abundance of fruit  
on the trees, and it is of good size and  
quality. There will not be much ready  
for holiday trade shipments as the  
oranges have not colored as yet, to any  
extent in this locality. The Pomona  
Fruit Growers' Exchange is preparing  
for a big season's business at its  
packing-house, plant and pre-cooling  
plant on Second street and Reservoir  
street. The building has been renova-  
ted and some improvements in  
the exterior have been made.

Although he has as yet received no  
notice of the judgment against the  
city in the suit of the state tax  
commissioner to terminate the  
orange tax, the city has voted to  
pay the tax.

The Board of Education will be  
called to meet at 10 o'clock to  
vote on the proposed bond issue  
of \$1,000,000.

Constable Frank O. Slanker, just re-  
elected here for San Jose township,  
received the largest vote of any local  
candidate, polling 1227. His opponent,  
George W. Harriman, got 89.

Eastus Barnes, re-elected Justice of  
the Peace of San Jose township, re-  
ceived 1223 votes and S. T. T. Lewis  
of the city, elected County Auditor, re-  
ceived 99 votes here. Mr. Lewis is the  
first Pomona man to hold a county  
office in twenty years.

## YOUNG WIFE DEPARTS.

W. T. Martin, one of the pioneer  
residents here, who was once Democ-  
ratic Supervisor, is holding for his  
wife a native of Connecticut and  
of seven children.

The Board of Education will be  
called to meet at 10 o'clock to  
vote on the proposed bond issue  
of \$1,000,000.

Constable Frank O. Slanker, just re-  
elected here for San Jose township,  
received the largest vote of any local  
candidate, polling 1227

"THE LAND AND ITS FAUNA." Permanent exhibit at the Chamber of Commerce building on Broadway.

### NEWS AND BUSINESS.

#### Fleming Convicted.

A jury of Judge Willis' court returned a verdict of guilty last night in the case of Joseph J. Fleming, a Broadway jewelry clerk, accused of having seduced Agnes Zimmerman a year and a half ago.

#### George Bruises Boy.

George Smith, 16 years old, employed in a printing office, was struck by an automobile at Second and Boyleton streets yesterday and bruised. The boy was taken to the Receiving Hospital and later sent home.

#### Veterans' Open Meeting.

An open meeting of Stanton Post, G.A.R., and Woman's Relief Corps, Inc., was held this evening at Mammoth Hall, to which all veterans and their friends were invited.

#### Southern California is New York.

The Salt Lake Railroad has issued an unusually attractive folder. It is in three colors, illustrated, and recites the beauty and resources of Southern California. Thirty thousand copies will be distributed in New York.

#### While He Sleeps.

Edwards, sleeping at No. 540 Ruth avenue, was carried to the police yesterday that his bedroom had been entered Wednesday night while he was asleep, and a suit of clothes an overcoat, a watch, paper and \$3 taken.

#### Circles and Falls.

He was trying to circle around another automobile, when he was 18 years old, a chauffeur living at No. 578 Federal street, was thrown out at Adams and Juliet streets yesterday afternoon. He went to the Receiving Hospital bruised.

#### New Projection Apparatus.

The University of Southern California has just added important apparatus to its biological department. One piece is the latest thing in projection apparatus, called the "halopicon," by which opaque objects may be thrown upon the screen, and other drawings, microscopic objects, either prepared living, may also be shown, as well as ordinary lantern slides, by means of this complete instrument.

#### "Banner" Precincts.

While boats are in the air, as to the "banner" precinct in the late election, some one suggests that Pricest and the home precinct of Boss Lissner and Chairman R. W. Avery, should be thrown on the screen. It gave the votes for Johnson, but Bell came in as a warm second, with 146, making it apparent that the campaign leaders had no marked influence at home. Helping the Children.

Just before Thanksgiving Day we will all have a chance to help the Children's Hospital, one of the most laudable charities in the city. On November 22 and 23 there will be bazaars established in the offices of all the principal hotels, and at the California Club, the Jones Hotel and the University, where cash donations will be received by the charitably disposed. The ladies who have charge of this work are in great need of money to provide for the children during the winter.

#### Long in Mid-Pacific.

Mr. Meuel registered yesterday at the Washington Hotel from Tahiti. With him he has just completed a tour of Europe and is now on his way back to his island home. The daughter of Mr. and Mrs. Meuel is Mrs. J. S. Logan of Riverside. With her husband, who is also at the hotel, Mr. Meuel is a large island trader. He went there 40 years ago and remained there ever since. He is also representative of the Spreckels interests in Hawaii.

#### Anti-Vivisectionists Meet.

The Anti-Vivisection Society held a meeting yesterday at the Chamber of Commerce, which was attended by a small audience of men and women. Addresses were delivered by Dr. Hazelton, N. W. Zimmer and others. The address of the former anti-vivisectionist anti-torture anti-vivisectionist. He declared that "the man who would accept his life at the vicarious sacrifice of a dog, ought to die anyhow." Speaking of vaccination, he declared no good could come from rubbing decomposed filth into a clean, healthy child.

#### Want More Time on Rate.

The Los Angeles Pacific has written a letter to the Board of Public Utilities calling attention to the fact that the proposed fire service, and 5-cent coupon for the Hollywood telephone was to have gone into effect January 1. Under the rulings of the Railway Commission railway tariffs will be published thirty days before they can take effect, and give the board proper time to act upon the question of the rate and proposed service. The company suggests that the time be extended to sixty days, subject to approval by the Board of Public Utilities.

#### Not Injured in P. E. Building.

Through an error made in reporting the accident to the Coronet, it stated that Giuseppe Nataletano, who died in the County Hospital last Friday, had been injured in an elevator accident in the Pacific Electric Building. Nataletano was struck by a car July 18 near the Southern Pacific railroad yards. He was taken to the Crocker Street Hospital, and it was reported that he had been injured by a car near the railroad yards.

#### Baraca-Philathea Convention.

The convention of the Baraca-Philathea Association will open this evening, with a banquet to be held at No. 407 South Hill street. The guests will meet in Baraca Hall, Temple Auditorium, at 8 p.m. to hear Marshall A. Hudson, national president, after which they will repair to the hotel hall, where there an elaborate programme will be carried out, with Dr. Arthur Phelps as toastmaster. The convention will be held on Saturday, in the Y. M. C. A., and mass meeting will be held in the First Methodist Church at 8 o'clock, Sunday afternoon.

#### They're Coming From Montana.

Charles H. Donovan of Missoula, Montana, has come to the Van Nuys. His wife is with him, and it is on account of her health that a new home in the Southland was decided on. Donovan is a heavy stockholder in the Round Rock Mine. He is also a wholesale cigar dealer and has other cattle interests. "The number of persons who are coming here from Montana is really surprising," said Donovan. "Just yesterday a friend of mine from the same city purchased

a hundred acres near Pomona. He sold most of his Montana interests in order to come here and live. He is only one of a dozen, and that is the case in many different cities of Montana."

It is a remarkable coincidence that people in all parts of the United States are doing this very thing, that the population of Southern California has gone ahead some 200 papers, as I read in the morning papers."

#### Third-street Tunnel Improvement.

Since the suggestion of Inspector Humphreys of the Board of Public Works that those who use the Third-street tunnel can relieve the congestion, complained of by pedestrians, by educating the public to use the south going east, and the north walk, going west, there has been a noticeable improvement. Between 4 and 6 o'clock in the evening, when it is quite dark in the tunnel, the inconvenience is greatest, and to avoid the jostling, many persons now take the north walk, when returning from the business section. It is believed that gradually everybody will fall in line, so that there will be no more complaints. Mr. Humphreys urges people living west of the tunnel, to take up the agitation.

#### BREVITIES.

Thousands of andirons, fire sets and basket grates retailed at wholesale prices at J. W. Frey's Mantle House, Corner 12th and Los Angeles streets.

Personal—Dr. G. W. Burleigh, removed to Pantages Theater Bidg. room 305.

Hotel Rosslyn and Natwick, Best 25-cent meals. Sunday eve. 25 cents.

Delany for correctly fitted glasses. Also artificial eyes at 339 S. Spring st.

## THE PUBLIC SERVICE.

**SUMMARY OF THE DAY.**  
The Council yesterday approved the modified contract for the financing of the aqueduct by a vote of eight to one, insuring accelerated work and completion in July or August, 1912.

The hearing of the petition asking for the appointment of a guardian for Mrs. Fannie Briggs Carr-King began in Judge Davis' court yesterday. Howard E. King is the complainant and he declared that his wife was the victim of delusions.

Drs. J. Brown and Howard W. Seager were made defendants in an alleged malpractice suit by William A. Bowen yesterday. Damaged in \$3,000 are asked by the plaintiff.

A suit involving the non-delivery of orange and lemon trees and involving about \$40,000 in damages was begun in the Superior Court yesterday. Prominent growers are involved in the controversy.

AT THE CITY HALL.

### NEW BOND DEAL FOR AQUEDUCT.

### FINANCES ARE ARRANGED FOR THE COMPLETION.

Council Votes to Adopt a Modified Contract With New York Syndicate—Work Will be Accelerated and Owens River Water Here in Twenty Months.

The wheels of rapid progress on the Los Angeles aqueduct were lubricated by the Council yesterday when it voted to accept the modified contract for the use of the remaining \$2,250,000 bonds of the syndicate headed by Kountze and A. S. Leach & Co. of New York, in which \$270,000 are to be taken at once.

By this contract the city gives up its premium on all future bonds, estimated to exceed \$60,000, and agrees to devote its sinking fund surplus and income exclusively to investment in aqueduct bonds.

In return for these concessions the syndicate agrees to advance at once \$1,020,000 of bonds and agrees to take the bonds necessary to provide \$2,250,000 for the cost of steel siphons when required, and also accepts an option on the remaining bonds April 1 and October 1, 1911, without premium.

The city has agreed that the aqueduct instead of being restricted to a payment of \$250,000 a month, as now, will have provision for \$300,000 a month for the next six months and in addition will advance its orders on the siphons, without which the water cannot reach here before 1912. By this advancement on the cost of the siphons the Board of Public Works may now plan to implement the original plan of the syndicate possible under the new contract, will assure the completion of the work by July or August, 1912.

There is now, according to a statement of Gen. Charles Clegg, president of the syndicate, a balance in the funds of \$800,000. Added to this the \$1,020,000 the syndicate will furnish at once, \$124,000 which the Water Board will pay the aqueduct funds and \$24,000 now in the sinking fund will leave a balance of \$200,000 more than this fall, there will be a total sufficient to furnish \$200,000 for each of the next six months.

Under the terms of the modified contract the syndicate may take all remaining bonds during 1911, which may mean that the city will have more millions than it can use and on which it must pay interest while idle. This will be offset by other features of cost, such as lower rates of cost.

The chief officer in the judgment of the Council, the Finance Advisory Committee, Chief Engineer Muholand and other aqueduct officials by the months gained in the completion by the syndicate, insist that the reduction of work does not reduce overhead charges and that the loss through idle equipment has already been very costly. Until the big ditch is completed there can be no return on the investment made, which is estimated at from five to six, will more than offset the financial concessions made by the city.

Councilman Birkenshaw was the only antagonist of the syndicate. He said the contract will not be signed until the time is ripe for the sinking fund for aqueduct purposes until 1912 and the sacrifice of all premium was giving the syndicate the "lion's share," and he voted against the plan.

But every official concerned in the question of insuring the full financial equipment of the aqueduct which the new contract is believed to accomplish.

By a vote of 8 to 1 the City Attorney was instructed to prepare the new contract for passage next Tuesday.

GAIN AND LOSE.

HOLIDAYS AND SALARIES.

Mechanics in the fire department gained from the city attorney an opinion that they are entitled to a Saturday half-holiday under the law, but when the opinion was read before the Fire Commission yesterday it reacted in a way that is likely to disappoint the mechanics. The pay of mechanics is higher than that of others in the department and the commission voted to penalize the machine shop employees by reducing their salaries if they insist on the Saturday half-holiday.

A resolution adopted asks the Council to reduce the Saturday half-holiday from \$17 a month to \$10 and the mechanics from \$100 to \$85. It was also voted to increase the pay of Telephone Operator Dan Moriarity at headquarters from \$65 to \$100, which is double the pay of the other telephone operators. Firemen are on duty twenty-four hours a day and mechanics eight hours. The reductions, the commission believes, will be just to all if the mechanics are to have only five and a half days work a week.

NEW IMPEDIMENT.

ALESSANDRO STREET TANGLE. Just as the Council Committee on Streets and Boulevards is about ready to settle the opening and dedication of Alessandro street between Baxter street and the north city limits a new impediment appears.

The recent consolidation of all the city lines under the Huntington management has resulted in the only service to the Edendale district through which the Alessandro Street line runs and without transfer. Before consolidation the lines of the Edendale cars gave transfers to all Pacific Electric local lines.

The Edendale Improvement Association was represented before the Streets and Boulevards Committee yesterday by a committee headed by Julius Schmidt, and said Edendale residents will never approve the right of way across between the city and the company without considering transfers. An official of the company was quoted as saying that transfers would not be given.

The improvement association is seeking to force the Pacific Electric to dedi-

cate Alessandro street which is on its private right of way because there are five intersecting streets over which the company has no franchise. The residents urge that the Alessandro and Glendale lines be prevented crossing these five streets until a franchise is obtained.

A new agreement was brought to the Committee on Streets and Boulevards yesterday by Howard Robertson, deputy city attorney, for the purpose of settling the Alessandro street question. It is the fifth tentative contract in twelve years. Until the question was brought up on the terms by which the Pacific Electric deems it right of way and acquires franchises over the five streets were agreeable to all.

Now the residents insist that the case be stopped until franchises are obtained and promised, through the improvement association committee to walk to other lines for five years unless transfers are provided. And there is some assurance from the Pacific Electric that it will stop both its Edendale and Glendale cars if necessary.

In order to attempt a reconciliation yesterday Chairman Gregory had the consideration of the contract postponed one week.

### FOR CENSUS CELEBRATION. THE MAYOR'S SUGGESTION.

Mayor Alexander yesterday made up his mind that the great showing of Los Angeles in the census of this decade is worthy of a public holiday. He sent a letter to the Chamber of Commerce suggesting a fitting celebration.

The Mayor does not know just how to celebrate a census record, but he says it will present an opportunity for Frank Wigand to do something new and startling in the "boost" way.

In his letter to the Chamber of Commerce he says:

"Let us have a jolly good party. She has made a world's record for rapid continuous growth. In ten years we have grown from a population of 102,479 to a population of 218,182. Thirty years ago we had but 11,182 inhabitants."

Chairman of the Chamber of Commerce "boosted" and I would respectfully suggest that you consider whether or not your honorable body should take up the question of a fitting celebration of our city's having joined the three hundred thousand club."

By this contract the city gives up its premium on all future bonds, estimated to exceed \$60,000 and agrees to devote its sinking fund surplus and income exclusively to investment in aqueduct bonds.

In return for these concessions the syndicate agrees to advance at once \$1,020,000 of bonds and agrees to take the bonds necessary to provide \$2,250,000 for the cost of steel siphons when required, and also accepts an option on the remaining bonds April 1 and October 1, 1911, without premium.

The city has agreed that the aqueduct instead of being restricted to a payment of \$250,000 a month, as now, will have provision for \$300,000 a month for the next six months and in addition will advance its orders on the siphons, without which the water cannot reach here before 1912. By this advancement on the cost of the siphons the Board of Public Works may now plan to implement the original plan of the syndicate possible under the new contract, will assure the completion of the work by July or August, 1912.

There is now, according to a statement of Gen. Charles Clegg, president of the syndicate, a balance in the funds of \$800,000. Added to this the \$1,020,000 the syndicate will furnish at once, \$124,000 which the Water Board will pay the aqueduct funds and \$24,000 now in the sinking fund will leave a balance of \$200,000 more than this fall, there will be a total sufficient to furnish \$200,000 for each of the next six months.

Under the terms of the modified contract the syndicate may take all remaining bonds during 1911, which may mean that the city will have more millions than it can use and on which it must pay interest while idle. This will be offset by other features of cost, such as lower rates of cost.

Mrs. M. J. Williams and her daughter motored from San Francisco to Los Angeles. They arrived at the Howard yesterday.

Dr. W. C. Smith are sojourning at the Lankershim. Dr. Smith is a practitioner of San Jose.

Ensign G. H. Stafford, of the torpedo fleet, is passing a few days at the Westminister.

D. T. Jones, a furniture manufacturer of Philadelphia, is staying at the Lankershim while here.

C. J. Taylor of Boston, is a guest at the Angelus. He is a manufacturer of wigs and wimples.

George R. Webster, interested in the commission business in San Francisco, is a guest at the Alexandria.

Mr. and Mrs. R. C. Brown are among the recent arrivals at the Alexandria. Brown is a citizen of Toronto, Canada.

J. W. Warren, interested in the Silverbell mines of Arizona, is a guest at the Hollenbeck.

B. J. O'Neill and wife are occupying apartments at the Hollenbeck. O'Neill is a prominent broker of San Diego.

W. W. Cahill, division superintendent of the Tonopah & Tidewater at Ludlow, arrived at the Hollenbeck yesterday after an eastern trip.

F. L. Johnson, a lumber shipper of Portland, Wash., accompanied by his wife, is occupying a suite at the Alexandria.

James K. O'Brien is a guest at the Hollenbeck. He is an attorney for a number of the fruit interests at Watsonville.

R. W. Richards is registered at the Alexandria from Washington. He is connected with the Department of the Interior.

H. D. Clarke and W. W. Clarke are vacationing at the Hollenbeck. They are brothers interested in the real estate business.

W. E. Lovejoy is staying at the Hollenbeck. He arrived yesterday from Seattle, where he is in the insurance business.

Mr. and Mrs. Lynn Welcher and their daughter, Ammy, are guests at the Angelus. Welcher is in the theatricals for New York and is here for the winter.

Mr. and Mrs. W. D. Scott arrived at the Alexandria yesterday from St. Paul. Scott is general superintendent of the Great Northern Railroad, is here on a vacation trip. He is traveling in his private car.

Mr. and Mrs. W. L. Browning, accompanied by their two children, of Washington, are at the Van Nuys. They have been visiting a brother of Mr. L. L. Browning in Florida and are now here for a week's sojourn, in which they will endeavor to gain an estimate of the charm of the Southwest. Mr. Browning is an attorney.

**LETTERS TO THE TIMES.**

The Times freely publishes the views of correspondence without holding itself responsible for the opinions expressed. It is the writer's state duty.

The space of 250 words on the average, is sufficient for the point. Well-written letters may be declined merely on account of their length.

**LOS ANGELES.** Nov. 9. [To the Editor of The Times:]—At this time of year when orchards are being fumigated to rid them of scale pests, it seems to me that a few words in regard to the value of California birds as orchard destroyers would be welcome. Having trees fumigated more careful in their operations to the end that no useful birds will not be killed in the fumigating process.

First, the even agriculturists do not appreciate the good done by birds in destroying scale insects, some of them even charging the birds with carrying the scales on their feet and doing no good to the orchard.

Dr. A. F. Karr, in charge of Economic Investigation, Washington, D. C., says in regard to birds carrying scales on feet:

"It is probably true, as alleged, that birds do carry the young scale insects to places to place."

It is also true that the larger insects such as beetles, bees, as well as the land owners themselves, are also destroyers of these insects.

Dr. F. S. Faribault states that the value of birds as scale destroyers is underestimated and refers to an article by W. L. McTeer, Assistant in Biological Survey, in which he states that Africa, several species of birds are scale-eaters. But of especial interest to the California fruit grower is the fact that according to Mr. McTeer twenty-nine species of our birds are known to eat black olive scale. These include three woodpeckers, a jay, an oriole, five sparrows (the towhee and the black-headed grosbeak are included), and four vireos, six warblers, two wrens, a nuthatch, four tits, a grackle, and a bluebird. Several of them consume the black scale in great numbers, the two most conspicuous in this respect being the black-headed grosbeak and the bush-tit. Eighteen per cent of the entire food of 120 grosbeaks consisted of black olive scales, while 21 percent of the yearlings and 20 percent of the adults, 500 pounds of scale was of the same nature.

The black-headed grosbeak sometimes does harm by taking fruit but we are told that for every quart of fruit eaten more than three pints of black olive scale are made.

There is a great many species of flower beetles, besides a generous sprinkling of codling moth pupae and canker worms fall prey to this bird. The wise farmer will not kill these birds for the little fruit they take.

The work of birds upon the black scale is so conspicuous that it has attracted the attention of field observers in a limited way to the black olive scale.

S. D. says: "A thick ton of penner tree is opposite a window of my house. It is infested by black scale, and the tree is full of birds. I have noticed the tree carefully picking off the scale. Audubon warblers do it, especially when it is cold and no insects are flying; when it is warm they stay about the tree, flying here and there, but do not seem to take the scales. The intermediate sparrow, however, is commonly seen in small flocks working on this scale, and they go through many gyrations in getting at the scale. I have a row, in order to get at the scale on the under side of the twigs. The top is scarcely ten feet from the window and I have watched them closely. There is an overgrown hedge behind the tree, from which the sparrows work upward."

Several of our birds eat other scales besides the one which infests the olive. One of them is the olive warbler. Dr. Howard says: "Was found until recently only on the Pacific coast and in the far West," where it levies a heavy annual tax on the fruit growers.

Maple, cottonwood, maple, lime,

and oyster-shell bark loppers are other pests which we are sure the birds eat.

Undoubtedly, as investigation goes on, many other scales will be found to be relished by California birds.

To every fruit grower I would recommend Bulletin 24, just issued by the Biological Survey. It deals with thirty-two species of California birds in their relation to the fruit industry, and is written by Prof. F. S. Faribault.

HARRIET WILLIAMS MYERS,  
Secretary Audubon Society of California.

Third Street Tunnel.

LOS ANGELES, November 9th [To the Editor of The Times:] I fail to see how Mr. Humphrey's suggestion will altogether remedy matters. Jostling occurs just as much in overhauling as in meeting. This can be remedied in some cases by the noise of vehicular traffic, which prevents rear footsteps being heard, and in some cases by being heard, and in some cases by being heard.

Example: If a person is walking along above an incline instead of side of sidewalk. Each sidewalk is about two feet too narrow. It is only another case of want of foresight in allowing for marvelous growth of our city.

W. R. RANDON.

EVENING MORNING IN THE YEAR.  
Daily, Sunday and 25-cent Illustrated Week-  
ly Magazine. Printed Dec. 6, 1911.  
1912 Year.

SCOPE AND AIM: Independent, un-  
biased and uncompromising, THE TIMES  
is devoted to the great principles of Lib-  
erty under Law, Equal Rights in all  
things, Protection of the Poor, Industrial Freedom, and to the upholding  
of Los Angeles, the State of Califor-  
nia, and the United States.

"Lost and Found—Lost & Found."

**PEACE AND  
NEW CITIZENS.**  
LETTERS DELIVERS AN  
INTERESTING TALK.  
Large Audience in  
Auditorium upon the  
Topic in the Making of  
American Depreciates Prejudice

221 South Spring  
Maricopa  
Bakersfield

Inspired by that justice  
is a fundamental element  
of a literary novel  
by Reed Madison C.  
last night on "The  
in the Making of Amer-  
was instructive and  
those present heard  
well. In concluding his  
he made a double claim to  
the man under  
the twentieth  
claim of the American  
the broad spirit of the  
nation. He has not re-  
gards him as a  
rights he deserves as a  
satirized in the comic  
upon the stage,  
in our homes, professional  
clubs. The line is  
against him even in the  
the wealthy Jewish mer-  
for a summer resort.  
not-note, "No Jews ta-  
excluded from society,  
Jewish children go home  
school in tears, be-  
a different epithet than  
taunted. The man  
credited or rivals  
if of Hebrew blood  
and it hints Judaism is  
ever tried in  
the fact that our man  
derived from the Bi-  
the Jew who gave that  
world." It is remarkable to use the  
for all the meanness  
would cheat in the  
given the right to sell  
Ocean by the pint, as  
"Jew," a verb to  
adjective, among mean Yankees, who  
another, "with a sack-  
shingle in two hours' time  
the smartest Jew in  
the world. But to despise  
among whom are  
biggest-brained  
account of the pro-  
the Jewish people come,  
unreasonable prejudice  
is rough handling the  
to the Jew, it is won-  
no more faults. The  
is this cause: One is  
for all, and all are  
one.

standards of the Jew are  
those of the Gentile  
corresponding positions  
ahead of the manners  
Gentile alike. No  
in account of the vul-  
highly educated and  
men and women. But  
the parvenu in Amer-  
people have had  
generations of continu-  
ance of the race of  
Jews and Gentiles  
offensive snobs who  
insufferable disgust.  
Jews as there are  
have gained money  
to buy culture, will  
it such tremendous  
perils of resuscita-  
mastery. However,  
came to such methods,  
weapon should be re-  
all other methods

for many years from  
the Pacific, and from  
wife, among men of  
native born and  
closely studied the  
and its shades, as well  
as the light and  
fear and favor  
our American  
that the disappear-  
social talents  
a question of another

midst sacrifice more  
of their children than  
from the assertions  
Jew, who may  
in the strength for  
will come the quiet,  
minded, and pro-  
gentlemen who will  
helping their Gen-  
and stand in, making  
unravelled, unap-  
approachable among  
us."

**OUR PEOPLE.**  
A preferred pattern made by  
my complete—in every aspect  
Design, in Beauty, in  
silver. It's our Leader.  
have been made with  
aces have been studied to  
and criticism.

## THE PUBLIC SERVICE

(Continued from Second Page)

**capital stock, \$2,000,000, incorporators, Mark Turnbull, D. C. Narver, L. N. Tappe, R. C. Goldsmith and H. A. Cobler, subscribed, \$1.**

**SUIT ON ACCOUNT.** Alfred J. Good, in his action against Newton J. Skinner, Superior Court, yesterday, asking judgment for \$375.79, on an open account. It is alleged that the defendants have been doing business as The Redondo Hotel.

**ALL TO FAMILY.** A petition was filed in the Probate Court yesterday for the administration of the estate of George F. Cope, who died in Los Angeles October 15, and the granting of letters of administration to George Cope Jones, a daughter of the testator. Cope left assets of \$25,000, of which \$25,000 were in personal property, and \$15,000 in holdings of stocks. The heirs are the widow, Anna Lee Cope, and the four daughters, Nannie Cope, Alice Carter, Cope Jones, Francis Cope and Anna Bargie Cope Jones, who, with the widow, are made sole heirs of the estate. The will is dated July 26, 1910.

**PAINTER WANTS DAMAGES.** Paul Thompson, a painter, in the employ of the Southern Pacific, was employed in painting a semaphore at Los Angeles Union Station, and when he placed his ladder on a track, a car came down the track propelled by an engine, striking the car upon which his ladder rested, and precipitating him to the ground, injuring him severely. He filed a suit for damages in the Superior Court yesterday asking for \$15,000 damages.

**SEPARATE MAINTENANCE.** Mary O. Crowley brought an action against Thomas Crowley for separate maintenance. They were married in Jefferson county, Mich., in 1900, and have four children. The wife sets out extreme cruel treatment in her complaint and asks the court to allow her \$15 a week for the support of herself and children.

**SUIT ON SUBSCRIPTION.** W. H. Holmes, as assignee of the Young Men's Christian Association, entered an action yesterday against John G. Johnson, for the recovery of \$650,000, alleged to be due on account of a subscription to the building fund of the Y. M. C. A. made November 12, 1906. Attached to the complaint is an agreement, signed by Johnson in which he obligates himself to pay that amount to the purposes of the Association, which at that time was engaged in raising \$350,000 for the construction of their new building.

**THE INFERIOR COURTS.**  
**BEGS AND BUYS**  
**PLENTY BEER.**

**UNIONITE WITH CARD AND HARD-LUCK TALE IN JAIL.**

**His "Touching" Story Brings Him Money, but When the Police See Him Spend it in Saloons They Stop His "Labor" — Japanese Cook Smashes all the Dishes.**

"The sympathy gas" failed to work for Jim Clark, loafing unionite, yesterday morning and James has retired to the city jail for twenty days because the framers of the law which forbids beggars to take into consideration the wishes of the pickets and others who, being out of jobs, "mooch" for their food and drinks from the men with whom they refuse to work but have no hesitancy in begging from.

Clark was arrested yesterday near First and Main streets. His modus operandi was to approach pedestrians, and after showing his union card, tell a story of having been without a bite to eat for several days. Clark was very modest in his requests and demands that he would be perfectly satisfied with 5 cents. He was getting an average of 5 cents from every three men he "touched" when the police officers saw him.

Being in plain clothes they easily learned the tale Clark told and watched to see if he purchased food, the police officers through the power of the law, have a soft spot for an honest man who is hungry and unable to get anything to eat. Clark received 5 cents from one pedestrian while the officers were watching and he hurried to a nearby saloon.

With a tall glass of beer in front of him, Clark for the time being put up his hard-luck story and his union card and waited to see what he'd get.

He was somewhat disappointed, however, for as he raised the glass to his lips he was arrested.

In court yesterday morning Clark tried to pass as an old-time Angelino and admitted to the feelings that happened in 1887.

The court listened to recital of the history of that momentous year for a few minutes and then suggested that Clark leave that to the historians and turn to present events.

Clark intended to make any speeches an industrial question as compiled and revised by himself, then told the court he "spoke" he was guilty.

**DISCHARGED COOK.**  
**SMASHES THE DISHES.**

Cold prison doors closed behind Mr. Murakami, Japanese chef, yesterday morning and will not open again until minutes have passed the past. This is the ending of his love affair, but his heart is not broken half as badly as Mrs. K. Arika's dishes.

Mrs. Arika is a little Japanese woman, a widow, and proprietress of a profitable restaurant at No. 214 East Spring Street.

It is not recorded in the annals of the police court to which one of these particular charms Murakami was attracted, but the fact remains that he never left her like a moth around a candle, and as far as her efforts to shoe him away he stuck to the job until removed by the magistrates.

Mrs. Arika's husband died about three months ago. Immediately thereafter she said Murakami was entrusted with the preparation of a meal for the restaurant, began to make love to the widow. But Mrs. Arika saw him not at all and told him to stop.

He raised his head and after considering the situation, Mrs. A. H. Ore vice-president; Mrs. Mabel Bailey, secretary, and Mrs. Ida Wall, treasurer.

A surprise birthday dinner was served Sunday at the home of Mr. and Mrs. Carl Anderson, east of town, in honor of their neighbor, Franklin Green.

One hundred and eighty votes were cast here and seventy-one at Webster, north of town.

Mr. Miller, manager of the Perris Valley Lumber Company, is building new sheds in his yards on Fourth street. He finds his quarters too small for his rapidly increasing business.

J. V. West of Watts is spending the week with his daughter, Mrs. J. C. McGowen.

Rev. Albert H. Orr and mother arrived last Friday from Los Angeles.

Mrs. A. F. Hardy and little daughter, Evelyn, who visited friends here for a week, have left for their home in Lancaster.

Mrs. Arika said she had closed her restaurant until she could get new

dishes, and Police Judge Chambers said he would help her by not letting her be bothered by Murakami.

**MATTER OF HISTORY.**

If Stonewall Jackson had not been at the battle of Bull Run, James Sloan would be a free man today, but inasmuch as the histories record that that worthy soldier was much in evidence on the field, named Sloan, he will serve fifteen days in the City Jail and if he wishes pursue the points in American history that got him into trouble.

Sloan appeared in police court on a charge of disturbing the peace. He asked the privilege of making a statement and it was granted.

"Your Honor, it wasn't any fight at all. It was simply an argument about the Civil War," Sloan said, in defending himself.

"I met a fellow who said that Gen. Jackson was not at that battle but many others who were there when any one says that about his favorite war figure. They arrested me before that fellow struck the ground, so I guess they saw me hit him, but if Gen. Jackson had been there there wouldn't have been any trouble at all. He was there, and I am the man who is going to stand up for him." The court said he could sit down for a few weeks if he wished.

**PAINTER WANTS DAMAGES.**

Paul Thompson, a painter, in the employ of the Southern Pacific, was employed in painting a semaphore at Los Angeles Union Station, and when he placed his ladder on a track, a car came down the track propelled by an engine, striking the car upon which his ladder rested, and precipitating him to the ground, injuring him severely.
